IN THE SPECIFICATION

Please replace the paragraph beginning at line 8, page 3 with the following rewritten paragraph:

ConfigV1M2 is a signal which forces a station into the V1M2 mode. ConfigV1 is a signal which forces a station into the 1M8 mode. ConfigV2 is a signal which forces a station into the ~~V1M2 mode~~ <u>10M8 mode</u>.

Please replace the paragraph beginning at line 4, page 7 with the following rewritten paragraph:

1M8_MODE :=   (ConfigV1 *or* ConfigV1M2) or (*not* ConfigV2) *and*
                           (V1_SIGNALED *or* V1_DETECTED)
